## INTRODUCTION

Thomas Rasberry & Company was not the first mercantile firm in Savannah or Georgia, but, so far as is known, the letter book of the company is the earliest Georgia merchant's letter book still in existence. Thomas Rasberry and William Russell were partners in the company.

The letter book is of interest from several standpoints, for not only does it show the sort of goods being bought and sold for domestic and Indian trade, but it gives a good picture of economics of the period. Through its pages, also, one catches fascinating glimpses of colonial Savannah, e.g., the Parish was too poor to buy an organ for the church, red and yellow were not popular colors, the financial troubles of Attorney-General William Clifton, news of the French and Indian War. As the letter book antedates the publication of a newspaper in Savannah, it helps to fill gaps in the history of the colony.

The letter book is transcribed exactly as written except for a few minor changes in punctuation. The symbol used for "per" and "pair" has been written out. The many cases where margins of pages have been broken off have been indicated as [torn]. In other places missing words or parts of words have been supplied in brackets. The first pages are missing.

The letters were first published in *The Georgia Historical Quarterly*, September 1956 through September 1958.

Little is known of Thomas Rasberry. He came to Georgia in 1751 or 1752. As he died in 1762, he was in the colony only nine or ten years. During this time he attained a place of some prominence, having been appointed to several commissions for Savannah and Christ Church Parish. He was elected to the Commons House of Assembly from the town and district of Savannah in 1758 and served until his death. At the time of his death he owned, in addition to his business, much property in Savannah and vicinity. He was survived by his widow, Ann, and two daughters, Ann

and Esther. Mrs. Rasberry became the second wife of John Milledge, Sr., in 1767. The daughter, Ann, married Robert Hamilton and Esther married Ebenezer Hills.

Savannah Augst. 16th: 1758

SIR I am favoured with yours of the 23d & 28th. February last but cannot for want of time reply to them now this serves only to advise you that Mr Clifton has not made any satisfaction for his Debt to you and is jst embarking (together with his Family) for Europe; he comes in a dutch Ship called the Princess Caroline Jurgen Rupke Commander for Amsterdam and has promised to pay you in London; he is greatly embarrassed here and as there was not the least Probability of recovering a farthing from him on this side I thought it proper to give you the earliest Advice of his returning home that you may apply to him on his Arrival

I am Sir yours &cra

Savannah Augst. 31st. 1758

MR NATHANIEL POLHILL Mr. Nicholas Hayner requests that you'll please to acquaint him whether you have purchased or have any Prospect of purchasing the Negroes he some Time agoe spoke to you about. There is a Parcel of Slaves expected here shortly for Sale and if he cannot conveniently get them from you he wou'd endeavour to supply himself here

Savannah Georgia the 12th September 1758

SIR I wrote you a Line the 16 Ulto. in order to apprize you of Mr Attorney Cliftons return to England that you might have recourse to him as soon as possible as we found it morally impracticable to do anything with him here in your Affair. And under Cover of this you have the first of two Setts Bills Exchange on yourself together amounting to Two hundred fifty one Pounds eight Shill[ings] and four pence three farthings sterling which I apprehend will meet no difficulty on being passed to the Credit of my Account with you Namely

Harris & Habershams first Bill to William Russell

dated the 18th. April last for . . . . . 182.0.0

Jonathan Bryan & William Russells first ditto to  
me dated the 31st. last March . . . . . 69.8.4-<sup>3</sup>/<sub>4</sub>

£251.8.4-<sup>3</sup>/<sub>4</sub>

I notice (by your Favour of the 23d. Feb.) that you have finally adjusted the Adventure per Charming Martha with the Insurers and that on the whole it stands agreable to the Account you transmitted me, according to which I'me to govern myself here with all concerned in said Adventure, which I'me glad that I am now enabl'd to do, and hope that your next will bring me a Determination of the Affair by Lesslie as you say (the 9th March last) the Accot. Sales &ca were then before the Insurers for their Answer which you daily expected.

It's a long Time since I heard from Mr Rae in regard to the Balance due you from R & B; his answer to what I wrote him concerning it was that he had furnished Mr Stead in Charles Town with the Means to discharge it which Mr Habersham thinks has been done and that your next will confirm it, as I hope it will. I make no doubt but you have made the Insurance on the sundry Goods consigned you by the Mary Ann Capt. Tucker from Charles Town who sailed with sundry other Vessels from thence about a fortnight ago under Convoy of the Blandford and Winchelsea M Warr; you did right in accepting the Payment of the Bill on Mr Albinus in the manner you mention rather than to have returned it and I kindly thank you for your Tenders of future Service and am glad to find that (by what you say on this Head) my Application to Mr Thomson was agreable to you from whom I have received one parcel of Goods and daily expect in another. I shoud be very glad to receive my Account Current up to any Period of Time that may be convenient and am Sir

Savannah September 12th. 1758

SIR I am favoured with your's of the 29 Ulto with my Accot. Current, the Ballance of which £655.13.4 $\frac{1}{2}$  your money appears to be right, and I expect to remit it you in a very few Days together with a considerable Surplus perhaps it may be by the present conveyance if I'me not disappointed. I thank you for your remark on the Bees Wax and observe that Mr Hoopers Note is not yet accounted for. I notice also what you say concerning Mr Debrahms Maps, I apprehend a second advertisement may be needless, as it may be suppos'd that the Majority of the Subscribers have been already apprized of their being in your Hands, and tho' I am apt to think with you that some of them may be prejudiced as to the Performances yet I am of Oppinion that the Gentlemen subscribers ought in point of equity to receive them (as the Work is) because the Performer, incited by the Subscriptions, has run himself to a very great expence in getting them engraved and Printed in London.

I notice Capt. Tucker's Departure under Convoy and am content at the Freight, as it's what is paid to others. I am glad you put two

of my Letters in the M. War as they were of some consequence and I now make bold to trouble you with several Others which you'll please to forward by three Different Conveyances just as they are tyed up you'll find also a packet directed to one of the Kings German Chaplains, which I must beg of you to request the Captain to whom 'its Delivered not to put it into any Post Office at any out Ports, but at some penny Post Office in or near London, this Caution you'll Observe only respects some London Vessel. I shall heartily be glad to hear of the Confirmation of the good News you mention and am Sir your's &ca

NB the Above Lres are 3 to Thomson and 3 to Lloyd made up in 3 parcels.

PS. I expect in a few days to send you another Draft for a larger Sum. The revd. Mr Bolzius is continually writing me to procure him a Receipt from Mr John Edwards of your Town for £20.2.6 your Money that I enclosed him the 31. Decemb 1757 per Talbert. I have wrote to Mr Edwards once or twice about it but can get no Answer, please therefore to procure one from him if he recd. the Money, and send it me.

Savannah Sepr. 22d. 1758

SIR My last was the 16th. Instant which I hope you have receiv'd, and in which I forgot to mention that I hourly expect in a parcel of Goods from Mr Thomson and have great Reason to think that they'll come your Way, shou'd it so happen, I must beg of you to get some careful Person to receive them for me as it may happen your own Affairs may prevent your doing it yourself. I made bold to order them to your Care and if there's an Appearance of any considerable Damage on the Packages please to open the Letters that may come with the Goods to have recourse to the Invoice, if a survey may be thought necessary

I have a good Bill on New York for £136. Sterling, please to acquaint me whether it wou'd suit you or any of your Friends?

SIR I have your Favour of the 29th Ult. but have not yet received the 2 ps. OSnabrig you mention as they were carried to your Plantation but expect them to Day or tomorrow. We are sadly disappointed in respect to our Goods from Mr Thomson, the Woollens in particular are now very much wanted and as you propose to be soon in Charls Town we must beg of you to enquire of Mr Josiah Smith Junr. whether we have any Goods arrived in any of they Vessels that Mr Groves mentions as just coming in, and in case there is none for us, we must request you to send us per first Opportunity about 400 Yds of good white Plains 100 Yds good Blue ditto and two ps. Duffil Blanketts. We want no other Articles at present as we may reasonably expect that it cannot be long before our Goods arrives & we are certain several of our Orders must have reached Mr Thomson in Time. Mr Russel will acquaint you of Mr Maxton's Journey to the Soward; when he returns I shall Endeavour to prevail on him to take up his Note. Should there be anything come in for us please to Desire Mr Smith to send them up by first Opportunity, the Woollens especially and in this Case you may Omit purchasing any for us in Charles Town as we shall then have sufficient. SIR. I have your Favour of the 4th: Inst. and the Sundry Articles therein mentioned per Talbert please to put by for me two hhds Rum, to send by him when he returns to your Town, if it may be debenture Rum it will be so much the better. Tis said there are Sundry European Vessells arrived with you within a few Days past, if so 'its probable my Goods are in some of 'em (as I expect a parcel from Bristol as well as those from Mr Thomson) and as the Bearer, Adam Crawdy, has promised to take in as much as he can for me, I must beg you to deliver him as many of the Woollens as he says he can carry, I presume they may be readily distinguish'd by the Packages, if not, please to open my Letters to have recourse to the Invoices. Mr Hooper desires his Note to remain a short Time longer with you to which I consented. I shall write you a Line per Talbert and am in the Interim Yours &cr

Savannah Georgia November 1st. 1758

SIR I have your Favours of the 22d. & 26th: May last both now before me, together with my Account Curr: brought up to the 24th May the Ballance 257.18.9 appears to be right, except the 20 Sola Bills per Thomson, which, in my Opinion, ought to have been carried to my Credit, and if hereafter they might appear in the Manner you sometime agoe mentioned, and you obliged to pay 'em, I shou'd then be accountable to you for their Amount, but of this I shall give you my Sentiments more fully in future. I notice you've Insured the Sundrys consigned you per the Mary Anne Tucker from Charlestown, and also the Manner in which you have effected it; i. e. Conditionally with return of Prems. which I also think (as you do) is rather preferable, in the present Time than an absolute Warrantry of Convoy, tho, you will have learnt that the Mary Anne departed with Convoy for the Voyage, which intitles us to a Return. I am induced to think that you've been misinformed in Regard to the Quality of the Indico per Lesslie, because I know a great part of it was good, and had we been lucky enough to have sold it in England (instead of Guernsey) it would have proved by far more lucrative both for us as well as the ReCaptors for besides the Difference in its Sales (as I imagine there may be but few Purchasers there) had it come to England a great Part of it must have obtained the Bounty, tho' I'me really not clear

by your Letter whether that Advantage may or may not be yet obtained tho' I apprehend the latter, however, I'me satisfied you consulted my Interest in that Event, which has turned out better than I expected when I first heard of the Capture. The News of Governor Ellis's succeeding Mr Reynolds in the chief Command of this Province was Matter of Joy, I presume, to most of our Inhabitants, and as our Arms have been very successful this Campaign on the Continent, I hope we have little to fear from the Enemy. The Reduction of Louisbourg with the Loss of their Men of War in that Harbour - The taking and demolishing Fort Frontenac on the Lakes (a Place of great Importance to our Indian Affairs) must certainly greatly distress them in these Parts and I hope may be the means of bringing about a safe and lasting Peace [I a]m very glad to learn the recovery of your Health and notice what you say concerning the dividing my Orders for Goods between you and Mr Thomson, and altho' I'me in a Manner engaged with him yet I cannot think he'll take amiss my desiring you to ship me the few Articles herein contained - tho' he writes me very kindly and has recommended me to his Bristol Correspondents for such Goods as I may want from that City, however, I must request you to send me by the earliest Opportunity after the Receipt hereof the following under Insurance. acquainted and indeed both myself and your other Friends here have Reason to think that it has been done, but in order to be fully satisfied in the Affair I shall immediately write to a Friend of mine in Charlestown (and an Acquaintance of Mr Steads) to make the Enquiry and shoud it prove otherwise than we expect, every practicable Means will be used to procure you Satisfaction. Ive already advised you of Mr Cliftons Departure and that his affairs were so circumstanced her[e] that there was not the least probability of obtaining a farthing from him or even the Shadow of a Security for your Debt but I hope he'll have Honesty enough agreeable to his Promise to make you ample Amends in England.

I am Sir

Mr. Cornelius Cook

SIR I have now the satisfaction to enclose you your Account with me (as Ive been lately furnished with the Accounts of the Indicoe shipt in the Charming Martha Capt Thomson) and by which you'll find Contrary, I presume, to what you expected, that you have gained between £4 and £5 Sterling more than what you valued your Indico at here which I was heartily glad to see and was intirely owing to my Correspondents prudent Management with the Insurers and Officers for the Bounty which he luckily obtained notwithstanding the Indico Certificate from hence never got to Hand.

The Ballance of the enclosed Account £18.17.6-3/4 in your Favour Messrs. John & Ulrick Tobler will pay you, as, agreeable to your Order, the same is now placed to their Credit with me, and of which I've acquainted them accordingly. Your Favour of the 13th June I've received with another from Devonshier Reeve & Lloyd of Bristol together with Sundry Goods from said Gentlemen in Virtue of your kind Recommendation. I heartily thank you for this Instance of your Friendship and you may be assured of my best Endeavours always to make both you & them such Remittances as shall leave no manner of Room for Complaint

My Friend Mr Lloyd has lately transmitted me my Acct. Curr. with him from whence it appears by some late Consignments I've made him that he will be something considerable in my Debt, and as I'me unwilling to draw the Ballance out of his hands I have desired him to ship me a few Articles for the same that were not comprized in my last Order to you

I have been sadly disappointed as to the timely Arrival of the expected Goods from you and hope for the future to receive 'em more seasonably.

\*P. S. Instead of Governor Ellis's Bill on Ellis's & Fivey to Mr Bolzius for £40 as mentioned in the foregoing I have enclosed you said Bolzius's first Bill on Thomas Broughton in my favour dated the 1st. SIR I have your Favour of the 16th November and thank you for making the Enquiry of Mr Stead. Mr Gordon (now at the Southwd.) has with him Mr Maxtons Note but its said by several that Maxton himself will be here in a few Days, when all that can shall be done to obtain the Payment shoud Mr Gordon not succeed in it. I notice what you say about Rice. I expect about 60 or 70 barrels this Month which I propose to let you have in Payment at the Cost if agreeable, but I apprehend more than 50/ will be demanded for it as I'me told that some here has already sold at £3. I wrote you a short Time agoe to engage freight for about 3000 lb Indico that I intend to ship Mr Thomson on board some Vessel that goes under the expected

Convoy from Chas Town, and to acquaint me with the Ship and Masters Name that I may write for Insurance perhaps you also may have somewhat to ship him by some such Vessell and I should be glad that mine may go with yours, therefore your speedy Answer will be very acceptable to Dr Sir

Savannah Decr. 9th. 1758

I have your sundry Favours per Crawdy Tobler's Boat & Capt Drummond and from the latter I've all the Articles contained in your Bill Parcels amounting to £521.5/ your Money together with my Goods from Bristoll.

I notice your receiving the Drat. on Smith & Brewton 700£ and also £18.15.11 Drawback for which sums you are Debited against £5 Sterling which I readily allow you for transacting my past Affairs in your To. and you'll Please to make me Dr for the same. Your proposal of accepting the same like sum per Annum for what you may do for me hereafter I think extremely reasonable, to which I freely consent and shall endeavour to make my Affairs as easy to you as possible. I'me sorry you had so much Trouble in procuring the Indico Certificate, nor can I conceive any reasonable Motive your Collectr. cou'd have against granting it on the first Application, as the End of the Law was answered however, for the future I'll avoid, as much as Possible, putting you to such Difficulties. The Good News you mention was also brought us here by a Vessel from Gibraltar, and I'me sorry to hear of Capt Tuckers Misfortune. Capt Talbert will deliver you with this 3 parcels of Letters marked A.B.C. which please to forward by the three first Conveyances that may offer for any Ports of great Britain and notice the sd Conveyances. SIR In my last (of the 4th. Inst) I acquainted you that I had a fine Parcel of Indico to ship you by some Vessel that goes under the expected Convoy from Charles Town So Carolina; the said Indico is now packed up, and ready to go there per the first Opportunity, but as I cannot yet ascertain the Vessel it may be shipt in for your City, I have desired my Correspondent, Mr Josiah Smith Junr., to engage the Freight of it and to add in a Postscript to this, the Ship & Master's Name it goes in, and I therefore desire you immediately on Receipt hereof to Insure on said Indico so as fully to net in Case of Loss Six Hundred Pounds Sterling, as I shall write you again with said Indico I have only to add that

SR. I'me desired by Mr Russell to ship you Mr Robinsons Indico of the last Crop, which will go under Convoy from Charles Town So. Carolina, Mr Josiah Smith will engage its Freight from thence to London but as I cannot determine the Vessel it may go in I have desired Mr Smith by an Addenda to this to acquaint you with the Ship & Masters Name youl please therefore on receipt hereof to Insure on said Indico so as to net in Case of Loss Two Hundred and thirty Pounds Sterling.

I am Sir &c

Mr Josiah Smith Junr.

Savannah Decembr. 23d 1758

SIR Ime informed theres a Probability of several Vessells sailing from your Port for Europe before the departure of the Convoy under which I have sundry Casks of Indico to ship for London I must therefore request that in Case there shoud be a sufficient Number of such Vessels that may not wait for the Convoy that youd please to put one of the enclosed Letters on board each Ship. I must also beg the favour of you first to engage the Freight for said Indico on Board a Vessel that will absolutely go under the Convoy and before you seal up the enclosed Letters, which are as youl notice for Insurance, youl please to insert in a P. Script to each, the Ship & Commanders name by whom you determine to ship the Indico. As I send this by a Boat where theres none but negroes aboard I have promised to make 'em Satisfaction for their Care in delivering it to you on their producing at their Return a single Line under your Hand specifying the same.

I am Sr. &c

P.S. before you engage the Freight please to consult Mr John Smith late of Indian Land concerning it as I lately hinted somewhat of this Kind to him supposing he had also Goods to ship Mr Thomson

Ime informed that the Penguin & Surprize Men of War are to convoy the Trade if they do perhaps it might be necessary to mention it in the enclosed Letters.

Mr John Smith

December 30th. 1758

SR. I received your Lre of the 22d. Inst. and accordingly dispatched a Boat to the Orphan House for a Load of Rice, with directions to proceed with it directly for Beaufort and there deliver it to Mr Gordon agreeable to your Order. As the Boat don't touch here in her Way I cannot say how many barrels she'l take tho I apprehend it may be about 40 or 42 and there will be about 20 more left which must come in over Land, as no Boat can be procured to go for so small a Quantity. The Rice (if agreeable to the Sample produced me) is really good and proper for any Market but how I shall get the Remainder of it to Beaufort in Time I know not

Mr Russell and I have taken the Liberty to enclose you 3 or 4 Letters herein, intended (as youl observe) for your Glasgow Correspondent to send us the few Articles there mentioned, and shoud the same appear anyways eligible to you, we wou'd be glad that youd please to forward the same for us, together with a Line of Recommendation annexed to each of them. I am sorry to acquaint you that Mr Maxton instead of returning again, as reported, has taken Refuge at New Hanover (Edmund Grays Settlement). John Graham is lately returned from thence and tells me that Maxton has confessed Judgment to him, that he is now possessed of his Books and finds only about £600 Sterling in outstanding Debts (and many of them bad ones) to answer the Amount of near £3000 Sterling thats already appeared against him, and whats yet worse there's no other Effects of any Consequence that can yet be found, so that I apprehend both you and several others will be Sufferers in this Affair.

I notice what you say concerning your Rice - if 'its sold here it must be paid for in our Currency which perhaps might not suit you. As to its Quality, Mr Bryan the Bearer will inform you as it seems he has seen it. The Overseer says that there's very [little] lost by bad stacking, and he seems to have no Inclination for quitting your Service. If you chuse to sell the rice here for our Money, I'll endeavour to find you a sure Purchaser and shall wait your Answer.

I wish you a happy & prosperous new Year and a long Continuance of em and am Sr &ca

Mr William Thomson

Savannah Georgia January 5th. 1759

SIR The last Favour I have of Yours is dated the 13th June last, wherein you acquaint me that the ordered Goods contained in mine of the 21st March preceeding would be ship't me in the first Vessel that sailed in the Fall for Charles Town unless somewhat might offer for this Place, of which you then had no Prospect off - but we are now to the 5th Jany. 1759 and no Arrivals from London since the Live Oak, Rodgers who came in several Month Agoe. The great Disappointment in not receiving the said Articles in Time (as they were chiefly calculated for the Winter Season which you know is now drawing near to an End in these Parts) has occasioned me to trouble you with this to prevent the like for the future. I make no doubt but you've ship't the said Goods on some of the Vessels that we hear has been so long detained at Spithead for Convoy down the Channel, and as from the Time of their Departure from thence (which you must [read]ily know) there cou'd be no probability of the Goods coming to hand in Season, I conclude that if afterwards you received Intelligence of the Miscarriage of both the Vessels you shipt on that you then have intirely omitted re'shipping the Woollen and therefore relying on this I must beg the Favour of you to send me by the first two Ships that may offer either for Charles Town, Beaufort or this Province the following Articles under Insurance, which from your own Experience are chiefly adapted for the Winter Season Namely

You are to send out the foregoing Quantities if you hear of the Loss of both the Vessels on which you shipt the woollens ordered in mine of the 21st. March last, and as what I then wrote for will not be Sufficient for my next Winters Sale, I must desire you tho you shoud receive no Intelligence of the Capture of either of them to send me out one half of the foregoing Articles.

The Duffill Blanketts I recd from D R & Lloyd are much too small and the Plains in general but ordinary which I'me told is the Case of all the Bristol Woollens the last Year. I have a good Quantity of the white Plains unsold which must lay on hand till the next Winter which was occasioned by their very late Arrival here as most of my Customers were then Supplied and as I don't intend to order any from thence the present Year I must beg you to send me the following from your City

8 ps Striped Duffill Blanketts  
 6 ps blue Strouds  
 2 ps brown Stuff Damask  
 12 ps blue Plains or about 400 Yds not to exceed 14d per Yard  
 2ps blue Stuff Damask - a good sort.  
 1 doz mens bear Skin Coats about 11s/ each

The last mentioned Articles you'l please to send out in two Bottoms an equal Quantity in each & by the very first Opportunitys also that may Offer after the receipt of this - if they come to Charles Town address them to Josiah Smith Junr but if to Beaufort you'l consign them to Gordon & Elliott. As I expect to write you again per the Convoy for a few more Articles I shall only Add That

I am Sir

 SIR/ The foregoing is Copy of what I wrote you the 23d Ulto but as it was delivered pretty late in the Night (and to Negroes only) I'me somewhat doubtfull as to the Care they have taken of it, which has occasioned me to trouble you with Six Letters more to each Gentlemen, which you'l find enclosed, and after you have added

the desired Postscript to each of them, must beg you to forward them by the first Conveyances for any Ports of Great Britain, and acquaint me with the different Vessels they go in; besides these you'll also find herein three others Letters for Mr Thomson, which are sealed up, and have no relation to the 3 parcels I sent you the 9th. Ulto. marked A.B.C therefore please to put one of these into each of said Parcels (if they're now in your hands) or otherwise forward 'em by different Opportunities as these also are Copies of each other, & please to Note their Conveyances also. I have Numbered them on their Backs just for distinction Sake 1, 2, 3; if the Letters for Insurance sent with the annexed copied Lre come safe to hand perhaps (as there was 6 of each) they may be sufficient, and in that Case the enclosed ones for that purpose may be retained

SIR I have your Favour of the 16th. Inst & have accordingly sent you by the Bearer Adam Crawdy 13 Casks and 1 box Indico to put on board Capt. Mitchell, agreeable to the enclosed Invoices and Bills Lading. The Invoices as you'll notice are not dated, and was purposely omitted in order that them and the Bills Lading might bear nearly an equal Date, you please therefore to fill up this Deficiency and sign them for me when the Indico is shipt. I have also sent you an Original Letter (together with 4 Copies) for each of the Gentlemen, to whom the Indico is consigned - the Originals with Bounty Certificates &ca to go in the Squerries, and the Copies with the other Invoices & Bills Lading to follow per other Conveyances. You have also here included the necessary PLanters Certificates all of 'em either endorsed by or taken before our Collector (Mr Spencer) to facilitate your obtaining a general one from your Custom House to accompany the Indico and as it comes round in an open Boat no Bond is given, therefore no Certificate is required from you. This is all I presume thats necessary to be done here in respect to the Present Shipment.

I'me greatly obliged to you for recommending me to your Friend at Antigua, and in the executing any Commands of his here, shall endeavour to render him Satisfaction. Your Letter per Golphins Boat was not delivered me notwithstanding I sent down to the Boat to enquire about it, on her Return, but I have both my Packets per Strachan & Stirling and notice my Goods coming round in Mr John Smiths Schooner, who doth not yet appear. SIR I have your Favour of the 18th. Sepr last and notice what you say concerning the Payments you've made my Mother - my Sister confirms it and I thank you very kindly for this Act of Friendship. In your sd Favour I've a Letter for Mr Rae (unsealed) which I wou'd hope & have Reason to beleive, is before now rendered useless. In a former Lre I acquainted you that Mr Rae Junr (on Enquiry) assured me that Mr Stead was enabled to remit you the Ballance of R & Bs. Act. and wou'd certainly do it by the last Convoy from Charles Town; however, I was [no]t intirely satisfyed with this Assurance, but soon after [wrote] to a worthy Friend of mine (Mr John Smith) who in reply wrote me thus

"I have enquired of Mr Stead if any Remittances has been made to Mr Lloyd for Account of Rae & Barksdale, which he tells me he has done for the full Amount and you be satisfyed it is before now intirely ballanced by Mr Baker who does his Business"

As Mr Smith is a Person of great Integrity I have no reason to doubt of the Fact of what he writes me and shall therefore retain your Lre to Mr Rae expecting your next will confirm the Receipt of this Ballance from said Mr Baker. The Mary Anne Capt Tucker seperated from the Fleet in a hard Gale of Wind near Bermuda and put back to New York in great Distress, but I apprehend She's again refitted and sailed before this; please to inform me whether the 20 SoLa Bills remitted in Thomson has yet appeared; there's no Error in your Acct Currt (as I perceive) except that Omission. you'l Please to excuse Brevity being much hurried to save this Opportunity for Chas. SIR I have now all your late favours together with my Packets and Goods from London the missing Cask (No 28) contained Raisins only, therefore of no great Value. Mills was gone before I received your Letter which prevented my Enquiry of him but I don't find that any such Cask was landed here from his Vessel. I received the Compas Saw & Rasps per Mackay for which I thank you and shou'd be glad to know the Cost. I have hinted to Mr Dixon your Intention of returning Joe Rains [torn] Mr Polhill, and notice your Reasons [for] doing it, which are certainly Just. In Yours per the revd Mr Zubly I have 25.1.6 in our Money but cannot give you any Encouragement of speedily turning it into your Currency, but you may be satisfied of my Endeavours. The great Ballance of Trade in favour of Carolina (where our Money is not at all acceptable) renders it extremely difficult for any single Person to collect any Sum in your Money as every one here is snatching at it however I've found Means to procure the Sum of ninety one Pounds lately, which you have enclosed and you'll pass the same to my Credit. I have not yet received the Bills promised me, else you'd have had them also per this Conveyance, but hope to be able to send them you soon. I notice Mr Zubly's coming to reside in this Province, where he's greatly esteemed, and I trust his ministerial Labours will be crowned with Success

SIR This principally serves to enclose you the first of Governor Ellis's Bills on the Pay Master General of his Majesty's Forces dated the 10th. last December in favour of Capt John Milledge for Forty five Pounds Sterling. Also a Certificate of our said Governors payable to the late Capt John Barnard and dated the 16th. June 1757 for Thirty four Pounds amounting together to Seventy nine Pounds Sterling, which when paid you'll carry to my Credit. In respect to the Certificate it may be necessary to notice that at the Time of the Decease of the said Capt John Barnard this Certificate (or rather this Sett) was left unindorsed, and was afterwards so delivered me by the Clerk of the Company (or Troop) to answer a Demand that I had on this Service [o]n Account of Pay due to some of the Men, but as I thought [an] Endorsement wou'd be necessary to transfer the Property in 'em to me, I prevailed on Capt Milledge to supply this Defect as he was well acquainted with the Companys Affairs at the Time of his succeeding Capt Barnard in the Command. I mention this to obviate any Doubts that may arise from this Endorsement when the Certificates are tendered for Payment

I have now the Pleasure to advise you of the receipt of the Goods shipt me in the Union and Mercury all in good order, except the Tin Ware and Turnery which suffered some little Damage

I shall be glad if you'll divide the foregoing Order so that the Goods may be shipt on two Bottoms and in Case they cannot be got ready to come out with the Articles ordered in mine of the 5th last January, I must beg you to forward them by the Two next Opportunities afterwards. I have, as you'll notice, affixed the Prices to most of the Goods, before mentioned, which is not intended to confine you intirely to those identical Prices, but only, where they cannot be had at such Rates that you would come as near them as possible. If any Vessells should offer for this Province in Time you'll doubtless give such the preference, if not they must come into Charlestown or Beaufort. Mr Josiah Smith Junr will receive them at Charles Town and Messrs. Gordon & Elliott at Beaufort. I shall endeavour to make you some Considerable Remittances the latter End of this year and shall only add that I hope this may meet you in better Health than when you last wrote me & that I am Sir

Yr very hble Servant  
Thomas Rasberry

Mr John Smith

Savannah March 8th 1759

SIR Your new Overseer came to me two Days agoe and Desired me to

inform you that he intends to quit your Plantation about the 20th of this Month as the Place is not at all agreeable to him and as he says doth not Answer his Expectation of it I desired him to Consult Mr Bryan before he resolved on leaving your Service as I apprehended he was under some contract with you for a Time certain and also urged the Damage you might probably Sustain by his leaving the Plantation before you could procure an Overseer but he yet seemed to be Determined to return to Carolina as soon as possible

Mr Bryan is now absent from his Plantation but as soon as he returns he shall be acquainted herewith

As we could not get possibly a Boat to carry your Rice to Beaufort Mr Russell & I thought it proper to offer it to Mr Mackenzie of your Town who is Loading a Vessell for the W. Indies on Condition of its being replaced in Charles Town which he excepted the Barrels were very light & he [h]as returned 5 of them again on account of there Quality which is really very bad Rice tho I apprehend he may have taken some on Board of the same Quality unperceived If you propose to come up here Soon I should be glad if youd please to bring with you, or send it me when you have Leisure

Mr William Banbury

Savannah March 8. 1759

SIR In Consequence of your Letter to Mr Habersham I have supplied Capt Longstaff with Ten Pounds Sterling which was all he required else I should have Readily furnished him with the extent of what you mention in your said Letter for the above sum he has given me his Draft on you which I shall make no Use of provided I can Dispose of his Wine That I now daily expect from Ogeeche, w[h]ere he loaded tho I'me afraid it will not meet with a speedy Sale a[s] a Vessell from Gibraltar and Madeira has lately brought in a pret[ty good] Quantity. Mr Pruniere has not yet paid that small Balance but he promises to do it soon he has been greatly reduced lately by the loss of his Vessel & Cargoe uninsured which makes me the less Strenuous for this as well as for a more Considerable Ballance he owes me. I am Sir

Your Obedient Servant

of these before they can leave Charles To. to prevent Mistakes I have marked them on their Backs thus A and the following Copies will also have the same marks. I'm a good Deal concerned at Mr Grey Elliott's long Stay in your Province, which obliges me so long to defer sending the Bills he has engaged to give me on London but I think his Affairs here must require his return ere long. I can only add at present that I am

Mr John Smith

Savannah 19th March 1759

SIR Sometime agoe I Advanced Mr Grey Elliott a Sum of Money in our Currency which he promised (partly) to repay me by a Draft on Mr Thomson which said Draft I have repeatedly assured Mr Josiah Smith should be sent him for my Account but when Mr Elliott Delivered me the Bills a few Days agoe he desired them not to be negotiated but remitted directly to Mr Thomson which he was promised should be done but as I'm now obliged to disappoint Mr Smith as to the Bills to whom I want to make a payment I must beg you, Sir, to pay their amount—£80 St.Lg into his Hands, and remit the Bills for your own Account the first and second of which are here enclosed and the remainr. will follow as opportunities offers.

Mr Maxton is returned here again in order to compromize his Affairs. I met the majority of his Creditors three Days agoe when it was proposed to grant him a Lre of Licence for 3 years; the state of Accounts were laid before us whence it appeared he was behind hand about £800 StLn Graham has since told me he was sure it must be a great deal more and he declined coming in as I did untill I knew your Pleasure. Simpson tells me that Jamieson Robertson & Baillie, De Costa & Farr and indeed all the Carolina Creditors (except you) had empowered him to sign the Licence in their Behalfs which he was ready to do provided Graham would do the same but as he refused the Matter lies still in Suspence and I therefore should be glad

to know your Mind as soon as possible as to any scheme of this Nature that may yet be offered. We are informed that theres a Probability of the Cargoe of the Dutch Vessel in your Harbour being condemned should it prove so we should be glad if you could buy for us 2 or 3 Hogsheads brown Sugar 1 Hhdd pow. Do. and 2 or 300 lb. Coffee provided they sell low. I have acquainted Mr Bryan of your Overseers intenti[on] of quitting your Plantation.

I have already inform'd you that (before your last Letter came to hand) 28 barrels of your Rice was delivered Mr Mackenzie the 27 Ultimo Nt. 13,408 lb to be returned or paid for in Charles Town of which he tells me his Partner (Mr Moody) has been advised the[y] refused 5 barrells I have sold here per retail, at 8/ per 100 lb and credited you therewith

I am Sir

Yours &cra

Mr Josiah Smith

Savannah 19 March 1759

SIR Just after I wrote you last Mr Elliott came up from Beaufort and Delivered me the (so long expected) Bills on Mr Thomson but at the same Time, contrary to my expectation, desired me to remit 'em for my own Acct. & not suffer 'em to be negotiated, tho he seem'd to be certain of their meeting due Honour; now as he hath laid me under this disagreeable injunction I must beg you to dispense with my Promise as to the Bills the amount of 'em £80 Sterln I have Desired mr John Smith to pay you for my Acct. to whom I now send the Draft, as they'l goe directly from him to Mr Thomson. I'me sorry I am thus obliged to disappoint you as to manner of this payment but you see, Sir, I cannot consistently avoid it.

I hope Mr Hooper's Note is now paid please to acquaint me whether you have Done any thing with the Indicoe Seed sent you last year & whether anymore of the maps hath been parted with since you furnish'd me with last Account

I am Sir

Yours &cra

PS I have enclosed you 2 more Copies of those Letters sent you the 8th Instant for Mr Thomson which please to forward per seperate Conveyances, if one of them could go from N York it be so much the better

Mr Josiah Smith

Savannah 23 March 1759

SIR I hope you have received my Letter per Mr Mackenzie's Nephew who went home a few Days agoe over [lan]d and that it may suit

Mr John Smith to pay you for my Account eighty Pounds SterLn agreeable to what I wrote him per said Opportunity. This is to request you to Send me 200 lb Sope & 6 Toblers Almanacks sold by Mr Viart per next Conveyance the sope is not for my Use but to assist a poor man Mr Cunningham who sells it again and on whom it seems Messrs. Ogilvie and Ward had a Demand; and in Consequence of which he says he remitted 'em 31 Spanish Pistoles & 150 Dollars & the Receipt thereof They never acknowledged I must therefore beg of you to enquire of them about it and prevail on them to send him their Account

I am Sir &cra

Mr Josiah Smith

Savannah March 26 1759

SIR I have your's of the 14th Instant and notice your receipt of the £46 sent per Mr Rae This comes per Mr Tobler who brings you 30 Dollars more & £13.1.3 in your Currency for which you'll please to Credit me with. I notice your remark on Sole Leather which puts me to a Stand, as the Tanner demands 6½d per Lb for it here. I'm not a little Surprized that Mr Hooper's Note remains yet unpaid. I have spoke to him again about it and tells me (as he did before) that he had enabled his Friend Mr George Abbott Hall at Mr Inglis's to take it up, to whom be pleased to apply, if it's yet in your hands

I have your Favour of the 7th Instant enclosing me a Certificate to Cancel your Custom House Bond which I have seen done. I am sorry to inform you that your Wine remains yet unsold and I am afraid will lay on Hand some Time

I have offered it to Several but to no Purpose and have been thinking whether it might not be most to your Interest to send it to Mr Banbury or to retail it here in small Qtys but then in the latter

Case it would be a considerable Time in s[elling] it and also subject to some Deficiency in measur[ing] might fetch abt 5/6 per gallon the present price or [you] might think it proper to let it stay a month or 2 longer till Wines become more saleable perhaps it might be better. I should be very glad to know your sentiments on either of these Proposals & that which you may prefer shall be comply'd with by yours & cra

PS It might not be improper to let me know the lowest Price you would have it sold at per the Pipe per the next Opportunity.

notwithstanding I desire in the beginning of this Letter that the whole of the Articles before mentioned shoud come out in the Vessel I'me expecting youl send me, yet upon second Thoughts Ime of Opinion in order to prevent a total Disappointment it woud be better to have the Order divided as near as can be done with Conveniency & ship't me on two Bottoms except the following which may come out wholly in the chartered Ship - Namely

The Stationary; Tin Ware; Pewter, Ironmongery; Saddles; Chest Tea; Allom; Cheese; Beer; Stone & earthen Ware and China

but in case you shoud not be able to meet with a suitable Vessel to send me and no other shoud offer directly for this Port I woud have the following intirely omitted until one does offer as the Freight of such Articles from Charlestown here is heavy Namely -

Earthen & Stone Ware, Saddles, Cheese Beer Linseed Oyl, Lampblack and Grindstones.

Some mistake was made in the Handkerchiefs per Dickenson which prove to be all black Gauze instead of India Silk ones as ordered and the Cherriderry Handkerchief was not sent. Youl observe that I've affixed the Prices to most of the foregoing Articles but I don't mean [tha]t you shou'd strictly confine yourself to those ide[al] Prices but come as near them as possible. Mr Ottolenghe desires me to pay five Pounds Sterling to the revd Mr Thomas Broughton in London which I must beg you to do when he calls on you for that Purpose and charge my Account therewith. I expect very shortly to be able to make you a pretty large Remittance in Bills &ca. on London but cannot at present ascertain the Sum. youl have learnt that your Relation Mr Talfier arrived safe in Capt Dickenson and delivered me

your Favour of the [blank] in reply to which I can only assure you that it will be a pleasure to me to be anyways serviceable to him here.

Original per the Brig Ellis - Howard - London  
 Samuel Lloyd Esqr. London per the Brig Ellis  
 Savannah August 29. 1759

Your favour of the 16th last March per the Medway Capt Dickenson I have received together with the Goods Shipt me by him amounting to £315.11.7 all in good order and on which I shall now make a few remarks. I apprehend there must have been some great mistake made by your Grocer in the Cost of the Loaf Sugar as its Charged in your Invoice at 86/ per lb. Whereas some that came out at the same Time to another house here cost 10/ & 12s/ per lb. less nor can I find any mention you make of the Bounty allowed on this Article, which you know is considerable and if not obtained must yet greatly enhance its Cost. We are also doubtfull whether the wrought Silks may not be intitled to some Bounty or Drawback as some of them appear to be of foreign Manufacture, If they are we make no doubt but you have given me Credit for it tho' unnoticed in your Invoice or Letter. Your Tin Man sent 3 of the large Tin tea kettles short & 1 small Canister but this as its trifling would not have

been observed had nother objection occurred The next Article that offers any remark upon is your reserving the company's Discount on the Tea in lieu of your charging Interest on the purchase Money this (tho the difference may be trifling) we are of opinion is too nice a distinction & somewhat unnecessary when we observe that the Ballance due you the 19th April 1758 was only £257.18.9 & that before we received the Account Current w'ere this Ballance was struck, we had remitted you in Bills of Exchange to the amount of £251 besides the Mary Anne's Consignment. We have yet another objection to make & that is your yet omitting to give my Account Credit for the 20 £ sola Bills lost in Capt Thomson. length of time has now rendered it very improble they should ever appear & even should they ever come to light hereafter its doubtful whether they can be legally paid to another person but me or my order but however we are willing to put this affair on the most equitable footing and in order to obviate any doubts that may yet occur to you in your passing them to my Credit we hereby promise that if you think proper to do it & they may hereafter be tender'd & paid again we will freely return you their Amount

You have here inclosed a Certificate to cancel your Bond for the Tea received per Dickenson & having nothing more particular to add I beg Leave to subscribe for Mr Russell & Self

Mr. William Thomson Savannah Georgia September 7th. 1759  
SIR The enclosed is Copy of what I wrote you the 28th. Ulto. which I now confirm, and herein you have the seconds of the two Setts Bills therein mentioned on Mr. Martyn. This also serves to hand you the first of another Draft on your City, Namely, John Milledges first Bill on the Pay Master General of his Majesty's Forces payable to Thomas Raspberry & Co. and dated the 25th. May last for forty five Pounds sterling which you'll place to my Credit when paid. I'm informed that the Service for which this Bill is drawn is now provided for therefore I hope it will meet with no Difficulty in being duely honoured, and you'll please to notice any Deductions that may be made at the Pay Office for Fees. I must beg you to add to the enclosed Order 56 lb. brown Sugar Candy & I have only at present to repeat that as soon as I obtain the other Bills on your City I shall embrace the very first Opportunities of remitting them and am Sr.

SIR I wrote you the 20th Ulto per Talbert & sent you per him

another bundle of Mr Toblers Beaver containing 49 Skins which I hope came safe to hand. I have now examined the Account Current you sent me and found it to be right, only you've omitted to charge me with the 25 £ you sent me in our paper Currency some time agoe which you'll please now to do. I also perceive a small omission of 4s/ Sterg. on the Credit Side, which was paid for the Carriage of Mr Scots Beer back to Charles Town tho' I believe this was never Noticed before. I have no other remark to make on the Account and when these 2 Articles are entered with you, our Books will mutually Correspond to the Time of closing said Account.

The Revd. Mr. Bolzius tells me that Mr. Timothy has omitted to send him the Gazettes ever since last November which does not a little Surprize him, because a Gentleman of his Acquaintance had engaged to pay regularly for 'em at the Stated Times of Payment. I must therefore beg you to enquire into the Reason of his Omission and for the future please to order Mr Timothy's Papers as they come out to be lodged with you, and as any opportunities may offer Just enclose them to me under a brown Paper Cover without any manner of Trouble of writing (unless occasionally) and I shall always apprise you of any conveyances from hence that may offer for this purpose. Mr Bolzius is a good Friend of mine & somewhat particular in the case of these Papers else I should not have troubled you with it and I must beg you to add to the desired Articles from your Town contain'd in mine of the 20th. Ulto. 6 lb pearl Barley & about 20 lb brown sugar Candy which are also both for his Use. I have nothing further at present to add than that I am

Sept. 10th. [1759]

After I had wrote you the foregoing in order to send you by this Conveyance in a Boat of Smith & Nutts, Capt Talbert came up & delivered me your Lre of the 5th. Instant wherein I notice the Proceeds of the Mr Toblers last Beaver (£99.4/ your money) with which you are debited together with the £63.15.2. Mr Dowdy paid you for my Account against a Credit now given you of £10.2.6 amount of the Articles that Talbert now brings me. As to the red Lead instead of Vermillion I'me sorry you was at the trouble of Sending it, because a good Quantity of that Article now by me, and the Vermillion was intended for some particular Work on the Boat's Quarters &cra however this disappointment is not very material, as Vermillion has been brought in here since I wrote you I have nothing (that I can recollect) at present to add than that I am Sir

GENTLEMEN I received your Letter of the 30th Ulto enclosing one to Messrs. Clarmont & Linwood of London to go in the Briga Ellis Capt. Howard for that City. Said Letter has been carefully deliver'd and the Vessel only waits a favourable Spurt of Wind to go over our Bar. I'me sorry I'me obliged to return you by this conveyance the 2 Cases of Spices you sent me some time agoe; the Gentlemen you intended them for I'me afraid are gone to a Place where theirs little Demand for those Articles, else they'd have readily accepted of them when offered and a very Small Quantity of those Spices is sufficient for our consumption here else should have thought it best not to have returned 'em

I have made bold to trouble you with three Letters for England (here enclosed) which I must beg you to put on Board the Andalusia, Bradshaw, whom I expect may be the first sailing Vessel from your Port for Europe and am Gentlemen

Revd Mr Bolzius

Savannah Septemr 11th. 1759

Mr Flerl delivered me your favour of the 7th Instant together with the news Papers sent you of Mr Russells and am sorry that the mistake in the revd. Mr Rabenhorst's Account occurred the reason of which was thus - Mr. Flerl having acquainted me with the Time of his setting off I immediately made out the Account enclosed you, intending when he called on me in the afternoon to have paid him the Ballance charged in said Account, and accordingly I sealed the Letter before his return; when he came to me again for the Letter, the Tide being then sometime before ready for his going away, occasioned him to be in a good deal of Hurry and by that means the Money was forgot to be paid him which has now been done and I hope this (undesigned) Error will be readily excused by Mr Rabenhorst, Doctor Johnson (or rather Johnson & Wyly) has been paid for the Negroe, as by their Receipt here enclosed you. My Subsequent Order for sundry Articles (omitted) is gone hence among which Sugar Candy is noticed, but in Case it should not arrive before you are out of this Article a small Quantity that may Suffice until that comes to hand can be procured. I make no doubt of Mr. Smith's complying with my request in regard to your news Papers and remain dr Reverend Sir!

amounting in the whole to £21.9.6½ Sterling which tho greatly  
exceeds the Sum you order'd I hope may not be disagreeable to you

GENTLEMEN I am informed that the Brig Ellis Capt Howard of this  
Port who sail'd hence a short Time agoe is put into Charles Town  
in Distress & that its apprehended She will not be capable of perform-  
ing her Voyage for London. This Vessel carries the Originals of  
the three London Lres which I enclosed you the 10th Ult. to go  
on board the Andalusia, and I am afraid that if the Ellis cannot pro-  
ceed on her Voyage both originals & Copies of my Letters will go  
together in the Andelusia as she's the only Vessel I hear off at present  
for Europe. I must therefore beg the favour of you Gentlemen to  
prevent Capt Bradshaw's taking both sets of these Letters with him  
and in Case the Ellis does not proceed to receive my Letters again  
from Capt Howard & forward them by any other Conveyances than  
Bradshaw, in which youl greatly oblige

GENTN. I have received your Letter of the 13th May last covering Invoice of sundry Goods shipt me by the Nancy John Morrison Commander amounting to £103.3.3 Sterling which are come safe to hand and in good Order. I got Mr Nunes (who then bought Beaver) to look at it who said he would not give above 2/per lb for it, upon which I sent it to Charles town where you see it sold for 31/ that money but a little lost in weight. After I had sold all the Bacon 2 ps. of it prov'd quite bad & rotten & was return'd me again by the Buyer. I therefore gave these 2 ps. to some poor People here as it was impossible to offer

it for sale again & I would advise you for the future if you send Bacon or Hams down to send them as early in the Winter as possible because People your way are so sparing of salt that the first warm weather greatly effects the Meat. Butter would be more saleable in smaller Kegs which should be Trd. before fill'd & the tares mark'd on the heads. Flour also would do much better in Blls. near the size & shape of the N York & Philadelphia flour Blls they should not exceed 190 or 200 lb. at most. one of the 2 beef hides per Mr Rae's Boat was so much worm eaten that it was hardly worth any thing I dont know yet what Mr. Haner will allow for it there was a good Number of other Hides I believe came down in the said said Boat. I have not yet put down the Almanacks because I sent a parcel of them to Medway & have not yet an Account of them. Per Minot

December 31st. 1759

I receivd your Letter of the 13th. Instant per Minot and as I ap-  
prehend your Rice is not yet disposd off by Mr Gibbons I consent  
to take it at the Price you mention 60/ yr. money. I thank you for  
your opinion as to this Article in Feby. or March next, and should  
have been glad to have taken your Indico also, but we dont intend  
to meddle with any of this Crop having already refused several good  
Parcels.

James De Veaux is now out of Town therefore have no oppor-  
tunity of speaking to him about his Rice that you expect. As to his  
Brother John (if your Demand is any thing considerable) I wish  
you may not fall short of your Expectation from him. Graham  
(Minott tells me) has bought the Rum at the Price you Demand. I  
shall Endeavour to get your Rice round as soon as possible which  
with what I have otherwise engaged will come pretty near our Quota  
for the expected Vessel

I am Sr &ca

PS I spoke to Jas DeVeauxs Son but he could say nothing as to his Father's Intention of delivering you any Rice I must beg you to pay £18 your Currency to Mr. Andrew Marr (at Messrs. Rose & Butlers) for Account Mr John Portrees it shall be speedily refunded - if Mr Marr is gone for England the Money is not to be paid, it seems, to any other Person

Postscript to Devonshire Reeve & Lloyds Letter of the 31 December 1759.

I expect the white Plains will come out very good at the Prices I have affixed but I don't mean to confine you to it, because if good PLains cannot be bought at those Prices you must exceed it, as an ordinary Sort will not suit me. The coloured PLains duffills and Strouds I woud also have of a good Quality. I have a Sufficient number of small Isop or ware Iron Potts that are bought by the dozen at 12/ therefore want no more of them and youl please to let those I now write for be chiefly of the midling Sizes except 3 or 4 that will contain from 18 to 24 gallons each

Mr William Thomson

Savannah Georgia February 1st. 1760

SIR Your Favour of the 23d. August last per the Prince Orange came safe to hand together with the Goods shipt me by said Conveyance amounting as per Invoice to £885.2.3 for which I have given you a Credit. I notice what you say concerning the Indico I ship't you by the Squerries which has really (as you observe) fallen far short of my Expectation except the Casks No 4 and 7 which I believe may turn out pretty near what the Proprietor of them was offered here for that Indico before shipt. As to Cask No 10 I'me satisfied it was ordinary, but in respect to the rest I cannot account how it shoud sell so very low when Indico shipt on the very same Bottom

by Mr. Graham &ca & not on the whole superior in Quality to that I sent you shoud so far exceed mine in its Sales as it appears to me it has done from an Account Mr Nutt has returned them of theirs which I've had an Opportunity of perusing, unless it was owing to mine being sold at Auction & theirs at private Sale. I notice the Trouble that has hitherto attended the procuring Payment for the Rangers Certificates which we have reason to believe (by late advices from your City) for the future will run in a more regular Channel - another Company of 'em is now raising on the Establishment of other Troops raised in America the present War which must greatly add to the Welfare of the Province, but how to manage in respect to the Certificate of Barnards for £34 I know not. The widow has not nor will not administer and absolutely refused by her Lawyers Advice to endorse these Certificates, least by such Endorsement, she shoud involve herself into the Affairs of Barnards Estate the Creditors of which are extremely baffled by an iniquitous Confession of Judgment that Barnard made of his Effects in his Life Time to his Father in Law Bradley now of your City under pretence of which she keeps all in her hands and will, if possible, intirely exclude the Creditors here on this Side. Our Governor woud readily renew this Sett of £34 but cannot consistently do it as the whole Sum of £728.15.4 then certified of which this is part were made payable to Barnard and so mentioned in the general Letter of Advice wherein the particular Setts of these Certificates are refered to all of which, except this and the other of 34.6.3 that cannot be traced where it is, are paid, as they were properly endorsed by Barnard.

if an explanatory Letter of our Governors relating this Affair may be thought serviseable I'll endeavour to procure one & send you. We begin now to look out for the Friendship Thomson and are prepared for her coming. Freights have been pretty high in Charles Town hitherto but are now falling, and unless Thomson over stays his Time I'me afraid we shall lose by our Rice as most of it cost us upwards of 60/ So Caro. Curry per Ct.

I hope the Bills for 125 £ remitted you 28 August & that for £45 enclosed you the 7th. September following are paid, and I hope if possible by this Conveyance to make you another Remittance of upwards of 600 £ in Bills &ca I only wait for the Return of our Scout Boat from the So.ward for the Coxswains Certificate as to the Expence of the Boat the last six Months and then youl have them.

The Goods by Cheeseman came in good Order and proved all very suitable except the mens great Coats on which I shall make some Remarks hereafter and I must beg you to send me out as soon as

SIR I am Sorry that (for several Reasons) I cannot comply with the Contents of your Letter of the 9th. Instant. I have hardly one of the Articles you want and am determin'd rather to Contract or bring my Affairs to a final Conclusion than to enlarge at this Perilous Con-juncture therefore I would advise you to apply to some other House.

I herein return you the obligation for supplying the Rangers together with Petticrews order on Mr McQueen as its not of use unless endors'd by you which you've omitted to do. I receivd the 8 Hams and 5 Cags of Lard for which you'l have a Credit in your Account. the Sum you paid Mr Tobler thro' my hands was £ 18.17.6- $\frac{3}{4}$  Sterling

SIR I wrote you a Line the 8th Instant by Jacob Berrier which I hope you've receiv'd it containd a Remittance of £ 100.2.6 yr. money. Capt Talbert will deliver you this in which I have sent you £ 185 more to be plac'd to my Credit. I apprehend you'l send me by Berrier the Proceeds of the Deer Skins and I should be glad to know the success of the order on Mr Legare as soon as possible because its requisite that the Affairs of the unfortunate Capt Tobler (in which I am deeply Interested) should be settled as speedily as the present Critical Conjunction will admitt off this Order being part of his Effects. I am sorry to hear of the Calamitous Situation of your Town from the present Epidemical Disorder, and I'me afraid (that notwithstanding all the precaution we make use of) The Contagion will be soon communicated here. I am desired by the revd Mr Bolzcius to procure him from Charles Town about  $\frac{1}{2}$  dozen Pounds of Chocolate (as theres none now here) which please to send me per next opportunity.

I have also enclosed you two Letters for Mr Wm. Thomson which you may forward by one of the first sailing Ships for Britain but I must beg you to take care that neither of them goes on board the Elizabeth Capt Markham which loaded here and went round to Charles Town in order to sail with the Fleet for this Ship has the originals of these Letters on board her. The Bearer staying here somewhat Longer than Expected gave me an opportunity of adding a Triplicate for Mr Thomson therefore to prevent mistake as the three Leres must now go per Two Conveyances I have tyed those Two together that must be put on board one Vessell and the single one you'l send by a seperate opportunity

Mr. William Thomson

SIR I received your Favour of the 3d last January per Capt. Raines together with the Goods shipt me by him in good Order except the Trunk of Mercery No 35 from Ryder, Nicklin & Wells of which I cannot as yet gain any Intelligence off. I have wrote to Charles Town about it and sent Raines's Bill Lading down there to demand it from him and expect my Correspondents Answer by next Opportunity. I notice your speaking to Mr Norman about the Gunpowder, which was really bad but I have got it off at a small disadvantage except about 50 lb. which I think Mr Norman ought to allow. I observe the Sales of the Skins shipt you by John Smith and also your carrying £129.7.5 to my Credit by Elliott & Gordon as well as Mr. Martyn's giving due honour to the Bills on him for £75 and £50. I am also glad to learn that the Certificate to Barnard of £34, irregularly endorsed, is passed, which is better than I expected, and I must beg you to send me my Account Current by the very first

Opportunity, because there are several concerned in some of these Certificates that I cannot possibly settle with until I know their Net proceeds. We recd sometime since an Account of Thompsons being carried into Martinico, and I have sold the Rice intended for him to Mr Graham for Bills which I hope to have soon to send you, and herein you'll find enclosed the first of three Setts amounting to Two hundred Pounds sterling which when paid you'll pass to my Credit. Namely

John & James Graham's first Bill to me on John Nutt dated the 25th. Ulto for	100.0.0
Nathl. Polhills first ditto to me on Samuel Savage da: 8th March last	50.0.0
John Martin Bolzius's first Bill to me on Thos. Broughton dated the 1st. Inst.	50.0.0
	-----
	200.0.0

I wrote you the 6th. last March and enclosed you sundry Bills &ca amounting to £782.14.11½ Sterling which I hope came safe to hand, and that before this reaches you the whole of them are paid and passed to my Credit. Mr. Ottolenghe acquaints me that his rejected Bills on Dr. Bearcroft for £15 have since been paid if so, you'll undoubtedly advise me in your next, as you are quite silent as to this in your last Favour. Some of the highest Priced Irish Linnens now received appears to be very high charged, particularly a single ps. No 17 cost 3/6 which upon the strictest Examination and comparing with 2 ps. of 2/6 per yd. you sent me from Barton & Smith by two former Conveyances really appears to be nothing inferior in Quality to this at 3/6. I must also remark a Mistake made by Crowley Co. in respect to their Hoes - they charge the broad & narrow Hoes equally alike at 20/ per dozen notwithstanding there's such a very material difference in their breadths and no apparent distinction as to quality.

Mr Elliott acquaints us that he has returned you a general Certificate from Charles Town for all the Tea you ship't in Raines, else the needfull in respect to mine wou'd have been done by this Opportunity, and as I have nothing further at present worth remarking shall only add that I am Sir

Yr. very hble Servant

Pray don't omit sending my Account Current per next Conveyance.

I had almost forgot to mention that Messrs. Flerl & Wertsch desires that whatever Ballance may be due them from you, may be carried to my Credit

Please to send me with the other Goods wrote for or by the very first Opportunity afterwards

Mr. Tobler omitted to endorse these orders to me but as Mr Outerbridge was here when his came to hand, Mr Russell spoke to him about it, and he assured Him it should be paid notwithstanding this omission as he would be in Chas. Mr Zubly but he is now of opinion that the enclosed Letter to said Mr Mcqueen may facilitate its Payment and which please to Deliver with the order I must beg you to forward the two enclosed Pacquets for Mr Thomson by the first two Conveyances that may offer for Britain & should be very Glad if you could send me a hhd. muscovado Sugar at or about £10 your money per 100 lb.

Mr. Thomson acquaints me that he has desired you to send me out a few Nails that he cou'd not procure for me at London which I make no doubt you'l comply with. In Case you shoud have shipt me the Woollens in Consequence of my Order of the 31st. Savannah Georgia June 2d. 1760

Mr. William Thomson

SIR In mine of the 5th. Ulto. I acknowledged the Receipt of the Goods per Rains and in the same remitted you Bills to the Amount of Two hundred Pounds sterling which I hope came safe to hand and are I believe indubitable. Capt. Ball is just now come round from Charlestown and I expect will be up this River in a Day or two hence.

Our affairs here at present wear a very gloomy Aspect which is the principal Reason of my troubling you with this - you will undoubtedly hear before this reaches you of the Hostilities and

Barbarities committed by the Cherokee Indians on the out Settlements of Carolina &c and I am sorry to acquaint you that we are now under great Apprehension from the Creek Indian Nation also, were some of the Traders have been lately murdered and the remainder of them fled to Charlestown, Savannah &c for Refuge. We cannot at present discover whether the Creeks are unanimous or not for a Rupture with the English, as some of the Traders were escorted to the Settlements by a Party of those Indians; and they have hitherto effected a strict Nuetrality between us & the Cherokees, but on the whole we have Reason to believe that these Commotions take their Rise from some deep laid Scheme of the French against the Two Provinces, for as they were worsted to the Northward by our Arms they retreated in great Numbers down the Mississippi and of Course must be now very formidable on the back of So. Carolina & Georgia, therefore as we seem to be at present in a critical Situation I must beg you in Case the ordered Goods in mine of the 1st. February last (which I suppose will be shipped before this reaches you) shoud be taken that in reshipping them you'l reduce their Quantities as near as you can to one half of what is ordered except some Articles for the Indian Trade Vizt Vermillion, Beads, Ear Bobs and gilt Belts which I woud have intirely omitted. I expect to make you very shortly a considerable Remittance in Bills and am Sr. &ca

SIR The foregoing I wrote you the 2d Instant but miss'd its Conveyance since which I have receiv'd the missing Trunk pr. Raines and the sugar per Tufts and kindly thank you for what you sent me for my Disorder

I notice the contents of your Favour of the 17th Ulto. and have mention'd to the Revd. Mr. Zubly (who is impower'd to settle the Affairs of Mr Tobler's Partnership) your Demand on him which I believe will soon be paid you as I receivd your account against him from Mr Robinson I must beg the favour of you to forward the 4 enclosed Letters by the 2 very first Opportunities for any Port of Britain - they are Copies and you'd PLEASE to take Care that 2 of them Directed to one house dont go by one Conveyance we have almost dailey Expresses from the Creek Indian Nation but their contents afford such a variety of Accounts that it is impossible at Present to form a Just [?] idea [of] the intentions of these Indians but on the whole our affairs seem to carry with them a Gloomy Aspect and must request should any Goods come to your Hands shortly for me that you'd please to wait Directions concerning their coming here

I should be glad to have your reply to the former Part of this as soon as Possible and am Sir yours &ra

Savannah June 21st. 1760

Mr Josiah Smith

SIR/ I wrote you a few Lines the 6th. Instant wherein I desir'd you in case any Goods should arrive for me from Europe that you'd wait my Directions as to their coming round here, but as since then we have receiv'd some more favourable Accounts from the Creeks, we begin to be less apprehensive of Danger and I think at present they may safely be sent round, except the Strouds I expect in from Bristol as they were intended for the deceas'd Captain Tobler, and I shall have now no manner of use for them, I must therefore beg the favour of you to sell them for me in Charles Town, on the best Terms you Can, and in order to come at the Cost please to open my Bristol Letter.

I should also be glad that you'd please to send me per the Bearer 1 hhd Rum, 1 hhd coarse Sugar the same as the last and about 200 Lb. Coffee. I must beg the favour of you to forward the four enclos'd Letters for England by the Two next opportunities that may offer - they are Copies and one of each must go together as they are tied up they are also Copies of those sent you the 6th Instant and you'l please to take Care that neither of these goes by either of the Con-

veyances of the 6th. Instant (if they are yet in your Hands) you'll find also enclos'd a Pacquet for the revd Mr Ziegenhagen which you may forward by either of the Conveyances

I have also enclos'd you Thos. Norman's Draft on Mr Mcqueen to John & U Tobler for £120 your money which when paid you'll pass to my Credit together with £172.2.6 in your money which you'll likewise find herein & I should be glad if you have Leisure to send me my Account Current for the last six Months.

Mr William Thomson

Savannah Georgia July 14th. 1760

I wrote you a Line the 2d. Ulto. which I now confirm by the enclosed Copy thereof and on the 5th. of the preceeding Month (May) I made you a Remittance of Two hundred Pounds Sterling in Bills, which I hope will safely reach you and be duely honoured. our Indian Affairs, by recent Accounts, does not as yet wear a very promising Aspect, altho' a Body of Troops from General Amherst under Col. Montgomery has penetrated into the lower Cherokee Nation, killed & captivated more than 100 of these Savages, burnt several of their Towns and done them other considerable damage, yet their Nation in general seem not inclined to come into the pacifick Measures offered them by said Col. Montgomery, which has determined him to pursue his March to their upper Towns (tho' by all Accounts extremely hazardous) to relieve a Garrison of about 200 Men, that has been cooped up there for many Months past in a Fort (Loudon) constructed by us before these Commotions begun, and it's generally belived that the Event of this March will determine what we may expect from our nearer Savage, Neighbours the Creeks.

As I have already acknowledged the Receipt of the Goods shipt me in Rains, I have only to mention that those also by Ball came safe to hand, your Letter of the 9th. April last lyes now before me, and to which I am now to reply. I particularly notice what you say

as to my Mistake in the difference of Quality between Mr Grahams Indico and mine sent you & Mr Nutt by same Conveyance, and tho' I have no manner of Reason (myself) to impeach your Conduct in this Affair, yet it was necessary to say somewhat about it, in order to satisfy the Proprietors as I was only the Shipper of the major part of it, and I am of Opinion that Grahams was more carefully sorted before shipped. I also observe what you mention in regard to our Rangers Bills, I thank you for your directions concerning them, but for the future it seems they are all to be drawn on New York, which yet makes them the more unacceptable to us as they are liable to a heavy discompt for negotiation, we having little or no Communication now with that Province.

I should be very glad to hear that you've received my Letter of the 6th. last March wherein I sent you several Setts of Bills amounting to £782.14.11½ sterling all of which (if they safely reached you) I make no doubt has been duly honoured; and by this Opportunity I enclose you the undermentioned Setts amounting to £ [blank] which in my Opinion are also indubitable. Shillings sterling, who will call on you for this Purpose with which Sum you'd also please to charge me

I have nothing more to add at present than that I am Sir your very hble Servt.

P.S. you'll please to observe that there are no Letters of Advice either to the Governours Bills on Mr Yonges, tho' each of them are drawn as per Advice - as to the former I'm acquainted that there are general Lres of Advice transmitted for the whole Expence, and in respect to the latter Mr Yonge tells me that his Brother (the Bishop) will be sufficiently advised of this Draft both by this Conveyance and other subsequent Opportunities. Mr. Bolzius's Letters with his two Setts of Bills were all sealed before I received them, therefore I send two of said Lres, at Random not knowing whether they may immediately respect his enclosed Drafts or not, but as the Bills are in his own hand Writing (which Mr. Broughton must be intirely acquainted with) I apprehend shou'd any Contrast appear between the Letters and Bills it will not retard their payment. Capt. Ball resolving to go done this Evening, prevents me enquiring of Mr. Bolzius (who you know lives at 30 Miles Distance) as to the Connextion between the Bills & Letters.

Mr Josiah Smith

SIR I wrote you a few Lines the 21st. Ulto per Adam Crawdy, to which I've had no reply, which I apprehend was owing to his short stay in your Town & your being absent when he delivered my Packet at your House. This comes in Capt. Drummond at whose return here (if he comes back direct) I must intreat of you by all means to get Leave for my Negro Cloth & Blankets to come up in him, the Season for the Disposal of them is now drawing nigh, & my Customer's for those Articles are daily enquiring for them in order that their Negro Clothing may be ready on the first approach of the Cold which may be now very soon Expected. As to the Strouds (Since Capt. Toblers Disease for whom they were entirely intended) I have now no manner of Occasion for them nor no other Indian Articles, and I must beg of you (that if you cannot dispose of them readily in Charles Town on a reasonable advance) that you'd ship them to any of the Northward Provinces for my Account & you have here enclos'd the Cost & Charges of them copied from the Original Invoice for your Government. you'll also find under Cover £200 in your Currency to be placed to my Credit. I make no Doubt of your kind Compliance to the Contents of mine the 21st Ulto. per Crawdy & am Sir

In Case you find it impracticable to obtain Leave for my Plains coming away soon, I believe in my next I shall desire you to sell them in Chas Town

Savannah Georgia Septembr. 5th 1760

My last was the 14th July which I hope came safe to hand as it enclosed you a Remittance of £639.2.10 Sterling in Bills which I make no manner of doubt were unexceptionable. Since my said Lre of July Coll. Montgomery has met with a Check in the middle Cherokee Towns and Fort Loudoun surrendered, on Terms, to these Indians, who, however, by Accounts we have received, seem at present to be vary desirous of Peace. As to the Creeks, they have committed

no other Act of Hostility against us than what I mentioned in mine of the 2d. June, and the Major part of their Nation has since not only disowned having having any Concern but even any previous Knowledge of the Outrage committed on their Traders, and as a Proof thereof have brought down to Augusta a great Part of the Effects of those who were either killed or abandoned their Nation; so that from these, and several other corroborating Circumstances, we have Reason to hope that Matters may be soon be accomodated with the Indians and it is in Confidence of this that I am now to desire you to ship me as soon as possible after the Receipt hereof the following Articles under Insurance Namely

I shou'd be glad to have the Edinburgs and OSnabrig come out in small, or what they call, half peices, being by far much the more handy for Sale. I have received Complaints from several of my Customers of the bad quality of the Irish Linnens you have lately sent me, as being very rotten, notwithstanding there was no manner of Appearance of any Sea Damage when opened, and how to account for it, I know not, unless those ps. complained off might have been old Shopkeepers and so decayed by Age, which you'l please to hint to Wakefield & Co. who sent them. Its also supposed and really so appears that Mr. Woodrooffe charges his Hosiery to high, particularly his Stockings, and more especially some thread ribbd that came last in Raines & Ball too which their price and quality bears no manner of Affinity, and we must be obliged, I am afraid, to sell them much under the common Advance in Order to get rid of 'em. I can assure you, 'its equally disagreeable to me either to receive or make Complaints of any kind. Yet on the other hand I'me of Opinion it may be sometimes necessary to hint these Remarks to some of your Tradesmen as a Rule for their future Conduct when ever their appears a reasonable Necessity for it. In mine of the 2d June last you were desired (on Account of our Indian Com-motions) "that if you had already executed my Order of the 1st. February, preceeding, and the Goods shou'd be taken, that in re-shipping them you'd reduce the Quantity to one half of what was ordered;" if that Lre reached you in Time (of which I'me in Doubt) and only the half of them are coming out, 'its probable they may be sufficient until I am again supplied in Consequence of this, but if otherwise the whole of them are on their Way here they'l not

be too much for my Sale and I woud not have this present Order diminished on Account of what I wrote you the said 2d. June. I shall, if possible, by this Conveyance make you a Remittance in Bills to the Amount of £200 or upwards and am collecting what Indico, Deer Skins &ca. I can, in order to send you the coming Winter. I believe you'll find a small Error of 10/ in your prejudice in my Acct. Current closed 31st December last - Vizt Augst. 31st. 1758 where the Sum carried out £835.2.4 Goods per the Union and Mercury shoud be 835.12.4 which you'll please to rectify.

In taking a review of the foregoing Goods Ordered I found that I had omitted several principal Articles which will be wanted & I must therefore desire you to make an Addition to this Order of the following

40m. 20d Nails - one half in bags of 2m. each  
 40m. 10d do - one half in do. of 2m. each  
 40m. 8d do - one half in do. of 4m. each  
 40m. 6d do - one half in do. of 4m. ea.  
 60m. 5d do - one half in do. of 6m. ea.  
 40m. 4d do - one half in do. of 6m. ea.  
 6m. 8d Clout Nails  
 6m. 6d do.  
 6m. 4d do.  
 2 ps. black double 10d. Ribbon  
 1 ps. single do.  
 2 ps. double 8d. do.  
 1 ps. single do.  
 2 ps. double 6d. do.  
 1 ps. single do.  
 ½ groce black Silk Ferretting  
 ½ gro. blue do.

You'll please to notice that I wou'd not have the whole of the Goods herein ordered to come out at one Time, it wou'd be more suitable to me to have the Order divided as near as can be done with Con-  
 veniency and one half of them shipped so as to be here some time in March next and the other half in June following; please to let the woms. silk Hatts be of the newest Fashion. I have not yet received the Bills I intended to send you herewith but expect to have them in a Day or two

per Capt. Tuffts

I wrote you a Line about 10 or 11 days since by Mr. Wyly which I hope came safe to hand, and I am now to acknowledge the receipt of the 22.5.0 in our Money (say Sterling) together with the sundry Articles sent me in Capt. Tuffts amounting to £269.9.4 your Currency for which two Sums you are duly credited. I have also the mistaken Draft of Mr Toblers on you for £70 Stg together with a Lre (I presume) from Messrs. Smith & Brewton in order to clear up this Affair, I expect to have an Oppo. to send them to him a few days hence, and as Mr. Tobler proposes this as a Payment to me, there's little to fear, I think, of its not coming into your hand.

I am in great hope that Permission ere this may have been given for our negroe Cloathing coming away from your Town, otherwise

it must shortly appear a very melancholy Case to see Numbers of our Negroes perishing with Cold, and we incapable of helping them by reason of the detention of those very Articles intended for them. I am the more concerned at this Event as Mr. Brabant may be disappointed of that part of my Woollens that he has bought of me for the Use of the Negroes and poor white People in and about Purrysburg, he writes again to Mr. Poyas about them which Lre please to deliver. I expect very shortly to make you a considerable Remittance (exclusive that of Mr. Toblers) and shoud be glad if youd give my Compliments to Mr Banbury and tell him that perhaps by next Oppo. I shall remit him also on Account of Capt. Longstaffe's Wine

I am Sr. &ca

If Capt. Tuffts returns here direct please to send me by him two Hogsheads Rum, if not, by any other good Opportunity let it be such as is intituled to the Drawback & large Hhds

P.S. I send you enclos'd your Draft on Mr Josiah Smith in Charles Town of the 8th. August last for £70 Sterling. Mr Smith when he returned this Order, says that he was surpriz'd at your drawing on him for such a sum, but as he concluded it to be a mistake as to the Person drawn on, he made Enquiry of those of his name about it & Found that Messrs. Smith & Brewton of Charles Town had orders to pay you this money upon your signing some particular receipts. You have herein a Letter from said Gentlemen which, I believe,

contains the receipts Mentiond, & which you'l please to put your name to and return to me by the next good Opportunity and the Money will then be paid but not otherwise

SR. I have received your Favour of the 30th Ulto with my Goods per Churchill agreeable to Bill Lading, but was greatly surprized to find that none of my negroe Cloth &ca were on board him, and the more so because Messrs. Johnson & Wyly had not only Plains & Duffills but even Gunpowder also brought up a few Days since I believe per the Bearer or Capt Smith; I cannot say in what Manner they made their Application for this Permission, but I apprehend Messrs. McCartan & Campbell or Mr. Wyly woud readily acquaint you. Altho I have now intirely lost the Sale of the major part of these Woollens and which must lay on hand over the next Summer yet I've prevailed on 2 or 3 of my Customers to wait a little longer the Event of another Application which I must beg you to make on receipt hereof and acquaint me with your Success by the very first Opportunity that I may know what I have to depend on. You'l find herein McQueen Gordon & Cos. Order to me on John McQueen & C[o. fo]r four hundred seventy seven Pounds Stlg. your Currency (together with a Letter of Advice) which when paid youl place to my Credit. Messrs. Smith & Brewtons Letter to Mr Tobler is forwarded, I expect back again the Receipts by the first Opportunity when youl have them also to enable you to receive that Money. Please to forward the two enclosed Letters for Mr Thomson by first 2 Conveyances and I must again beg you to make all the Interest you can for Leave for my negroe Cloth Blanketts &ca to come up here as I have no Correspondent at Beaufort since Mr Jno Gordon left that PLace. I am Sir &ca

P.S I am not quite certain that Mess[rs.] Johnson & Wyly's Plains

&ca came up here in one of the late Conveyances but I am credibly informed that their Gunpowder (or a part thereof) did and was regularly cleared out at your Offices. Please to deliver the enclosed Letter for Mr Banbury. I wrote you the 26th Ulto per Capt Tuffts which I hope you have received as you were then desired to send me two large hhds Rum (intitled to Drawback) per next Opportunity N B large Hhds are most usefull for packing Skins and pays freight the same as small ones from your Town

Currency being refused Payment, as said Mr Shaw says that he paid you all your Demands in June last. You'll find in the Goods I now send you the three missing Bottles Turlington, it seems the Patroon had desired Mrs. Cook to deliver them to you, which I suppose she forgot and brought them down here, and afterwards left them at a House in this Town were they have remained ever since unknown to me till this Day. In my last I sent you a Letter from Charles Town enclosing (I presume) some Receipts for you to sign in Order for me or my Correspondent there to receive your Money from Messrs. Smith & Brewton; youl please therefore to send the said Receipts (signed) per next Opportunity. Devonsheir Reeve & Lloyd

GENTLEMEN I have your Letters of the 21st. April and 14th June last now before me, together with Invoices of Goods shipt for my Account in the Spy - Lyford and Salisbury Sharpe, but I have not

yet received any of the Woollens by either or these Conveyances as they have been detained in Charles Town for some Months past in Consequence of an Act lately passed in Carolina in order to prevent the supplying the Enemy with any of these Articles or Indian Trading Goods &c; however, permission has at last been obtained in a very few Days. The Detention of these Goods so long in Carolina has been of no small Prejudice to me in their Sales, and I am afraid that I must be obliged to keep the major part of them on hand over the next Summer

You'll find under Cover of this the first of the two following Sets of Bills Exchange on London amounting to Two hundred and seven Pounds & eight pence Sterling which when paid you'll pass to my Credit Namely

Robt. Colhoun's Bill to Harriott Crooke on	
John & Thos. Mills 4th August last for	155.5.8

I notice the Observation you make in your Letter of the 21 April "as to your being allowed Interest at the Expiration of the customary Time of Payment." this is no more than what I expected, and think reasonable, to do, and have done with my other european Correspondents for several years past. I shou'd be glad to have my Account Current the next Time you write and am

P.S. Since I wrote the above I have had an Opportunity of enlarging this Remittance £25 more, Namely - Noble Jones's first Bill to me on James Fitter dated the 22d. Ulto. for the above Sum (£25) which you have also enclosed, and I debit your Account with £232.0.8 in Consequence

SR. The foregoing are Copies of mine of the 5th September and 25th Ulto. and herein I hand you the Seconds of the Bills mentioned in the latter. I observe what you say on the 2d. July in Answer to my Complaints of the Irish Linnens and Iron Ware and am sensible that several Species of european Goods have greatly risen as to Price within a short Time past, which may in a great Measure be owing (as you observe) to the extra Demand for such Articles from our newly acquired PLaces, but in respect to the Quality of the last Irish Linnens, I'me afraid that some Peices were really rotten as

represented to me. As to the Ironmongery I have no other Remark to make on that Article except that Mr Tappenden omitted to send the 6 pair Sad Irons No. 3, 18 pr. only being received instead of 24 - you'll notice this, and as I make no doubt of your consulting my Interest in every Particular I have only to add that I am Sir &ca

SIR/ I have your Letter of the 29th Ult. together with my nine Bales Woolens per Capt Smith, all in tolerable good order except the Bale colour'd Plains you mention which has received some damage, thc' nothing Considerable. I hope your Governor may shortly be of Opinion that my strouds & Gunpowder may come away with safety, as I am much in want of the former Article this will be handed you by Capt Lyford and contains 3 Packetts for England. Vizt. one to Mr Thomson a second for Bristol and one to the revd Mr. Zeigenhagen in forwarding of which I must beg you to be particularly carefull of the following Remarks - Henry Yonge Esqr. our Surveyor General who went away with Govr. Ellis to Charles Town has under his Care the original Packet for Mr Thomson of which this is a Copy and it contains Papers of Consequence, Mr Yonge is going for England but was not certain by what Conveyance, therefore its absolutely necessary before you deliver this Packett for Mr Thomson to know in what Vessel Mr Yonge takes Passage in order to prevent both Original & Copy going by the same Opportunity. Capt Sharpe & Strachan (as you acquaint me will also have a Letter of which herein is a Copy therefore youl please to observe that this Packett must not go either in Strachan Sharpe or in the same Vessel said Mr Yonge embarks in. As to the Bristol Packett, that may be sent by any Opportunity, being an Original and the other for the Revd Mr Ziegenhagen must be put on board a Londoner only. Permission was granted Capt. Miller to bring up some Bales of Strouds & other Woollens as they came under Clearance and I shoud be heartily glad if I coud only get two of my Bales Strouds or even one Bale up which is only intended to cut up in my Shop for the Use of some poor white People who cannot go to the Cost of a superior kind of Cloth - a little Gunpowder I really want

and I beg you to endeavour by all Means to get Leave for as much as you can of these to be sent me. I should also be glad to have 2 barrels Coffee sent me per next Oppo[rtunity] & am Sir

SIR I received your Letter of the 30th Ultimo and this waits on you in answer. The hhd Rum per Mr Little was not full when delivered, nor woud the Person I bought it from fill it; however, the Quantity charged and the Deficiency you mention (8 Inches) seems to be right agreable to the Charge. I notice your Intention of sending down a parcel of Skins next Month and that you are desirous of knowing what I woud allow you for them, in answer to which I can only say that you may depend on being allowed the market Price for 'em (either of this Place or Chas Town at the Time of Delivery). As to your being informed whether I can furnish you with a pretty large Parcel of Goods next month, I cannot very readily reply too, because, since the Indian Troubles begun I have countermanded (in part) a considerable Order for Goods that I had sent to London, on Account of these Indian Commotions. I have at present a good Quantity of Duffill Blanketts and Strouds but in Respect to Linnens &ca. I have but little by me. I received the Receipts you mention and make no doubt of their being punctually paid in Chas. Town and am Sr. &cr

SIR/ Two days agoe your Letters of the 7th and 29th October last came to hand wherein I find the Sales of the Indico per the Squerries & my Account Current brought up to the beginning of this Year. I have also the Copy of my Account for the Year 1759 the Receipt of which you'l find acknowledged in mine of the 5th. Sepr. last wherein I pointed out a small Error of 10/ in your prejudice. I have not yet had Time to examine my last Account but it will soon be done and if any Thing in it appears wrong you'l be advised of the same in my next. I am now collecting what Indico & Deer Skins I can to ship you under Convoy of the M. W. Dolphin who, *its said*, will sail from Charles Town for Europe sometime in April next. I cannot exactly now determine what the Value may be that I shall have to ship you by that Opportunity, tho I think it will not be less than five hundred Pounds Sterling therefore I desire you to make Insurance on that Sum conditionally with or without Convoy because at present I can neither ascertain the Vessel the Goods may be shipt in nor indeed the Time of the Convoys sailing.

Youl find in the Postscript to a few Lines that I wrote you the 5th November last that Mr Graham and I had then some Thoughts of taking up a Vessel in Charles Town jointly, to have loaded for Europe, but as Freights there yet keep up we have not yet come to any determination on this Affair

I hope that long before this comes to hand you will have seen Mr Yonge by whom I enclosed you last October 516.16.11½ Sterling in Bills

I shall endeavour if possible to send you another Boats pay Bill per this Opportunity but if it cannot be got ready in Time you'll have it by next. I wrote to Devonshier Reeve & Lloyd the 5th. Ulto. for a few Goods to be here in the Fall; since then, I have received a very odd kind of a Letter from them wherein they seem to imply

that it will not suit them to deal with any on this Side unless their Remittances as such as will keep off an Interest Account which you know is impossible to be done unless a Person had a very extensive Capital indeed, - the Payments I have made them have been such that cannot in reason I conceive be liable to Complaint, but for Fear they should make any Demur in shipping my said Order, which is to no great Amount, I must beg you to support it in order to prevent a Dissappointment. They have sent me no Account Current since I begun with them and I dont apprehend I owed them any thing, except a little Interest, before they shipped me the last Parcel of Goods (about £500 Amount) and before they were received *here* I remitted them upwards of £200 on Account of the same.
